Total Workflow Solutions™ for Professional Photographers/Artists:

Printroom has adopted the Total Workflow Solutions™ approach to help you maximize your sale potential while spending no time on order taking and fulfillment, and customer support. From at-event photo sales to after-sale customer service, Printroom has solutions for you.

- **All e-commerce, transaction fulfillment, and customer service handled by Printroom.**
 - taking orders online from your customers;
 - handling customers' credit card authorization as well as check or money order payments;
 - making prints (greeting cards, calendars, or gifts; if offered);
 - mailing orders to customers; and
 - providing full after-sale customer support and resolving all customer issues, if any.
- **One-on-one Service:** At Printroom, we realize that working closely with our Pro members are the key to our Pro success. Our policy is that we do not adjust* the print output offered on Pro Studio by our pro members. As we assume that our Pros know best what they want their prints to be like, we will print the images as they are. However, we also offer one-on-one feedback service for our pros to adjust their image files to suit our color space in order to make sure that the print output sold by our Pro members is of the highest quality.
*The easy way adopted by most consumer labs is to apply Auto-correct algorithm to enhance image quality. What Auto-correct does is sharpening the image and making it more contrasty, and this simple algorithm generally works well with consumers. However, the drawback is Auto-correct will diminish the image details, particularly details in dark shade. Although we do offer Auto-correct as an option to our consumer orders, image enhancement by Auto-correct is not recommended for our Pro members.
- **All you have to do are shoot & upload pictures** and Printroom will do the rest for you. You can now relax and wait for your paycheck at home. You will receive your sale proceeds less charges (print/product costs plus commission and payment processing fees) once a month by mail. We will mail your current month's paycheck on the 15th of the following month.
- In addition to after-event online photo sale, you can also **sell photos at the event** using Printroom's Photo Pass™. Photo Pass enables you to secure sales and profits upfront without spending time on order taking and fulfillment. It can also be used as a tool to secure event shooting assignment or to entice customers. Please refer to How Photo Pass Works.
- Below are "To Do" list to promote your online business:
 - If you have your own website, provide a link from your website to your online Pro Studio.
 - In the event, put up a big banner with your Pro Studio's internet (URL) address.
 - Give out business card or brochure that contains your Pro Studio's URL address.
 - If you use Photo Pass, it will contain your URL address for customers to redeem photos.
 - If applicable, ask event emcee to inform the audience of your online Studio and address.
- **Search function is also available** to help your customers who might have lost your URL address to locate your online galleries through Printroom homepage. Customers can search by photographer name/UserID, gallery name, or event date.

Special Offer!

- Sign up now and get a free DVD PhotoShow demo as well as a coupon code to make your own DVD PhotoShow for up to 150 images **free (\$49.95 value)**! This special offer allows you to use your own images to make DVD PhotoShow for your own use or for showing to customers. This new product may prove to be one of the greatest products you ever offer.

Professional Studio Pricing & Profit Calculation:

- **Annual Membership Fee:** \$99.00 payable upfront with 30-day money back guarantee. If the annual sales for the current year exceeds \$3,000, the fee is waived for the following year.
- **Transaction Fee:** 13% of total sales; not charged on taxes, and shipping and handling fees. There is also 3% payment processing fee (credit cards, checks or money orders.)
- **Order Fulfillment Costs:** You pay standard Printroom.com prices for prints, greeting cards, and/or gifts that are ordered through online pro studio by customers and fulfilled by Printroom. Please click Pricing for detailed information.
- **Shipping & Handling Charges:** Our standard shipping & handling charge is borne by your customers. Please refer to S&H Pricing for the schedule of charges.
- **Additional Storage Space:** \$20 per 100 MB - one time fee (you only pay once and have the additional storage space for as long as you remain a member.) If purchase 500 MB or more of additional storage space Please email or call for special offer on matching storage.
- No limit for how long a gallery can be displayed, no per event/gallery charge, and no other hidden cost or fee. Our sale-based commission means you pay us nothing, if you do not sell.
- **Numerical example of your profit per print:** Assuming that you price your 5"x7" print at \$10*, your cost will be \$0.99 (your print cost) + \$1.60 (13% transaction and 3% payment processing fees) = \$2.59. You will then make \$7.41 profit (\$10 - \$2.59) per print sold.
* Please note that the \$10 pricing for 5"x7" is for illustration purpose only. Prices set by photographers vary and should reflect the demand and supply conditions of your markets.
